Welcome to

NORWAY RIDGE

and to the taste of Great Northwoods Dining!

We would like to welcome you to a unique old-style restaurant that serves some of the finest American food in the country. It's the kind of place you expect to find when you come "up north".

Yes! We really do smoke our own ribs and make the zesty sauce from scratch. We also make sourdough daily and make all our own dressings and sauces. In other words, we do it the right way and start at the beginning.

Norway Ridge was opened for business in May of 1948 by Sam & Evelyn Thompson and Bes & Bob Neuman. Many of their original recipes are still used today, having been passed from owner to owner. We feel their secrets for many of our specialties remain unsurpassed anywhere.

Continuing in the tradition of fine food and fine service, sisters Alicia and Jackie (Evelyn and Bes were also sisters) and their staff invite you to sit back, relax and take in the atmosphere of an old Pine Cabin. Tour the grounds, inspect the smokehouse, if you like. But most importantly - eat, drink and enjoy to your hearts' delight!

We hope you'll take the time to browse in the Kimble Kottage Shop. Enjoy a wine sample or find a treasure for yourself, or perhaps your cabin host. If walls could talk, this little cabin would have many stories to share. Originally from a nearby resort (converted to town homes), it slept eight and the front door was only twenty feet from water's edge. What a contrast to "cabins" of today.

We do accept, and recommend, reservations, and can often reserve the table of your choice.

We would like you to know that Norway Ridge is available for special parties, receptions and banquets.
